Measurement

Pattern

Note: This pattern is knitted with 2 yarn balls at the same time. Make 1 ball out of 2 balls, so you can knit this scarf even easier.

Row 1: Cast on 30 stitches

Row 2 – 4: Knit row 2 up to including 4 in rib stitch. This means, 1 knit, 1 purl, 1 knit, etc. End the row with a knit stitch.

Row 5: from row 5 use garter stitch. This means, that every stitch is knitted knit wise. Continue till you reached your perfect length. Don't forget to save some yarn for the repetition of row 2-4 to finish and cast off your #studioportiersjaal. Good luck!
